## Rain or Shine,

The station agent is on duty. On his exact communication of train orders depends thousands of lives, and millions of dollars in property, each day. In his haste he runs out in the rain or the snow hatless and unprotected. Then comes the sequel—bronchitis, or some

other disease of the respiratory organs. The most effective remedy for bronchitis or pulmonary disease is Doctor Pierce's Golden Medical Discovery. Almost

all remedies prescribed for such diseases contain opium or some

narcotic which soothes by stupefaction. "Golden Medical Discovery" contains

neither narcotics nor alcohol. It stops coughs by curing their cause.

It heals weak lungs, builds up wasted tissues, and promotes the health of every organ of the body.

"I am a railroad agent," writes I. B.

Esq. of Barclay, Osage County, Kans.

"A few years ago my work kept me in a warm room and stepping out frequently into the cold air gave me bronchitis, which became chronic and deep-seated. Doctors failed to reach my case and advised me to try a higher air, but, fortunately for me, a friend advised me to try Dr. Pierce's medicines. I commenced taking your 'Golden Medical Discovery,' and by the time I had taken the first bottle I was better, and after taking four bottles my cough was entirely gone. I have found no necessity for seeking another climate."

Dr. Pierce's Pleasant Pellets regulate the stomach, liver and bowels.

"Screens decorated with photographs, by common consent, were relegated long since to the dusty obscurity of the garret—the mildewed isolation of the cellar," says the photographer who studies facts; "but photographs will accumulate, and women find it necessary to exhibit some of them at least. So there has risen a fertile genius with a fad for displaying photographs on the boudoir wall gracefully distributed between the spokes of a bicycle wheel, says the New York Press.

"Not an ordinary bicycle wheel, however, will suffice. If it is a young woman with matrimonial prospects, more or less immediate, or a maiden in the first throes of hope, she must show her pictures in a wheel from her best young man's bicycle. If she is married, then she must use a wheel which has revolved in century runs. This is an effective ornament and permits the exhibition of 50 or more favorite pictures.

"Another fad has brought it about that many young men who last year were wearing beards have faces as smooth as eggs this year. Their adornments have been sacrificed to the fad in question. The end of the century young woman must have three photographs of her swain. Picture No. 1 must show him in all the splendor and dignity of a full beard. Picture No. 2 reveals his manly beauty polished off only by a mustache. Picture No. 3 presents him entirely divested of all whiskers.

### Notice.
